

C. Program to display length of string using pointers

Algorithm:-

① Start

② input str1

③ $s = \&\text{count}$

④ $\text{count} = 0$

⑤ $\text{for}(i=0; \text{str1}[i] \neq '\backslash 0'; i++)$

$\quad *s = *s + 1$

⑥ string length is output $*s$

⑦ Stop

Flowchart:-
