

C Program to remove spaces from string

Algorithm:-

① Start

② Enter some text

③ while (text[c] != '\0')

if (text[c] == ' ')

temp = c + 1;

if (text[temp] != '\0')

while (text[temp] == ' ' && text[temp] != '\0')

if (text[temp] != ' ')

c++;

temp++;

blank[d] = text[c]

c++

d++

blank[d] = '\0'

④ output text after removing blanks

⑤ Stop

Flowchart:-
